

Baia Flash 48 - 2005

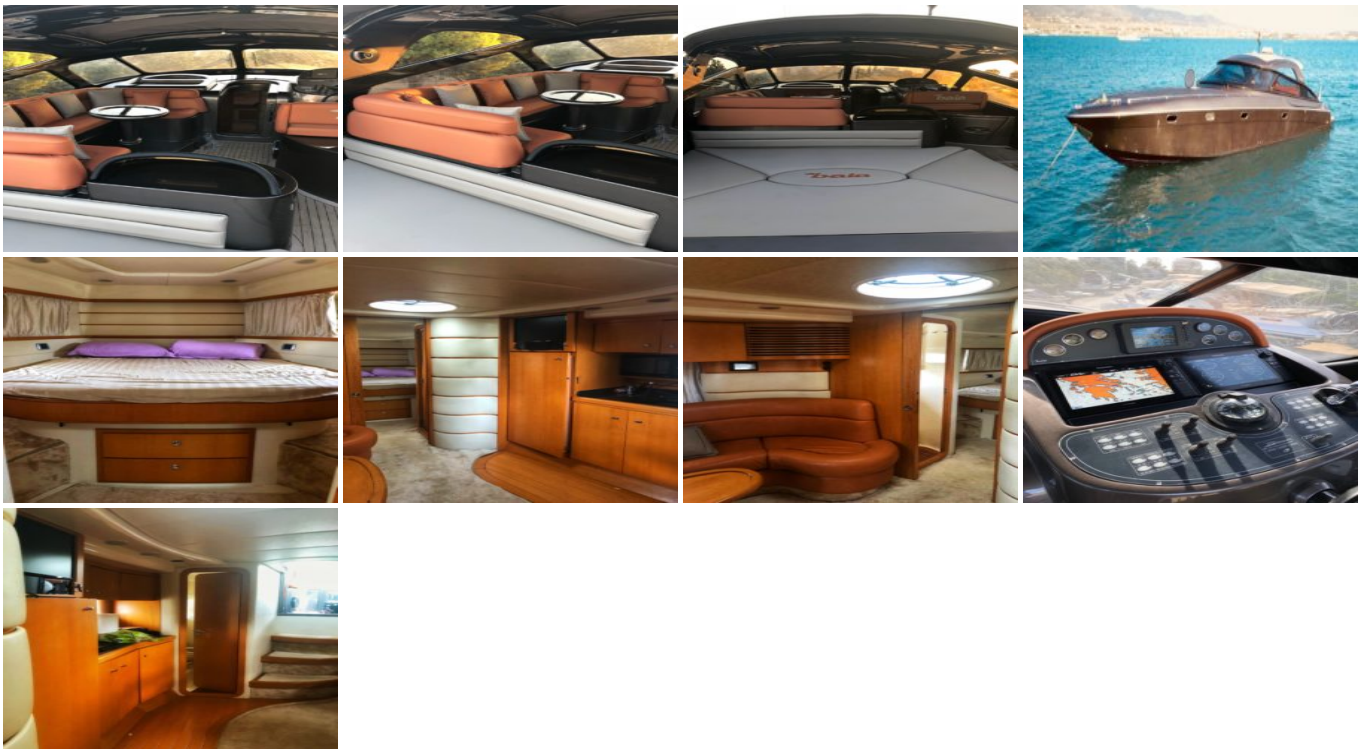

Boat ID: 2034

Date: April 14, 2019

Enjoy high performance with this beautiful Baia Flash 48. It is truly a rare sight to see one of these beautiful Italian sports cruisers here in Greece. She has the performance to match due to her twin 480hp Volvo diesels coupled to Arneson surface drives.

She is absolutely turn-key and ready to go. Arneson Industries are world-renowned for building the best surface drives on the market and as such, maintenance costs are reasonable. These propulsion units allow the high performance cleaver propellers to run at the waters surface when travelling on the plane for greater efficiency and a higher top speed. She will cruise at an impressive 32 knots and has top speeds of around 38 knots. she has fully refitted with new colour, new cushion and a lot of recent upgrades.
