

## Baracuda

Boat ID: 1545

Date: April 11, 2019

With her high-performance aluminium hull, S/Y Baracuda is the latest evolution of the successful 50m series and might be considered a summation of all the innovations that Perini Navi has achieved in their 25 years.

The main deck is conceived as open living space, with no partitions. The extended windows of the salon provide great lighting and panoramic view, while the squared portholes of the lower deck offer unique sun lighting. The lower deck hosts the full beam Owner's suite with central king-size bed and his and her bathrooms. 8 guests can be accommodated in 4 guest cabins: 2 VIPs cabins with queen size beds and 2 twin cabins with additional Pullman berths. All guests cabins have en-suite bathrooms. The crew area allows for 8 crew in 4 cabins plus an additional captain's cabin.

The access to the sea is via swimming platform operated hydraulically allowing it to submerge 20cm under the sea. Guests can ascend the platform via the very stylish staircase.

An emphasis on spatial fluidity also characterizes the interior space, with the lines of floor and ceiling timbers continuing unbroken across the threshold. The aft deck features an electrically elevated table.

The furniture and décor is a carefully chosen anthology of bespoke pieces mixed with classic designs, all in light, neutral hues.

\*LED power lighting, all controlled by i-Pad and Android touch panels.
