

Ferretti 761 - 2005

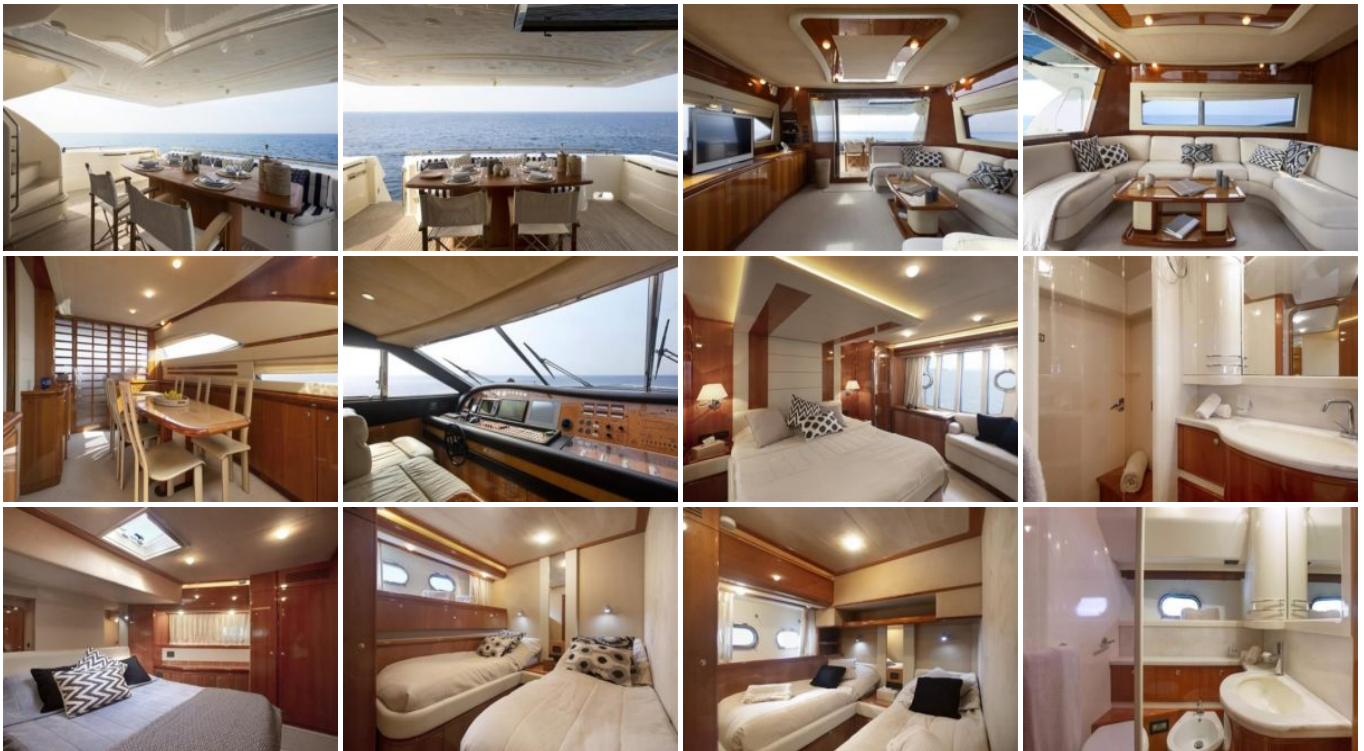

Boat ID: 4116

Date: November 17, 2019

The Ferretti 761 is a motoryacht with a slim shape and soft, smooth lines, and offers excellent performance and handling. The agility of a 22-metres yacht and comfortable living of a 24-metres yacht are perfectly combined in this new craft with its innovative design. In line with its new conception of light and space, the Ferretti 761 has a newly designed master cabin, where light is the key to experiencing a feeling of total immersion in the sea. Thanks to two open-view windows on both sides, comprising a single panoramic window and two side windows that can be opened, the owner can enjoy a view of the sea from anywhere inside the cabin.

As well as the innovative open-view windows, which are characteristic of the new generation of FERRETTI YACHTS, the 761 also features another innovation. The master cabin head has been transformed into a large health and beauty area. Fitted out like a Turkish bath, the walls are lined with mosaics and it has a removable teak bench with a flat basin that can be used as a plunge tank.

General Additional Information

- Sleeps eight in four cabins, all of which are en-suite plus 2 crew cabins for 3 crew members.
- The walnut finish and classic cream colours throughout enhance the sense of style and comfort.
- The Ferretti 761 combines both the traditional quality and style which Ferretti is renowned for and has the characteristics of a much bigger boat.
- The owner's cabin, thanks to its large windows, make the cabin very light and offer a spectacular sea view.
