

Ferretti Custom Line 108 - 2016

Boat ID: 5652

Date: October 24, 2021

A super-sporty spirit, an incredibly stylish design, large volumes, refined and customizable interiors, state-of-the-art technologies including a planing maxi yacht like the Custom Line 108' can proudly boast all this. Above all, however, it can boast a forward-thinking and contemporary sea-life concept.

It is not by chance that this extraordinary new model is being presented at the two most internationally renowned and prestigious events: as a preview in Monaco, in early September, during the private event reserved to Ferretti Group's clients, and then officially to the public at the Cannes Yachting Festival 2015.

The 108's is heir to one of the most successful crafts ever built by Custom Line - a brand specializing in the production of fiberglass yachts between 28 and 38 meters in length, divided in two lines, planing and semi-displacement - and skillfully blends together unmatched elegance, style, and a very sporty character.
